Continued Improvement in Safety Performance Recognized

Corpus Christi, TX, USA – The Contractors Safety Council will present recognition to Port Corpus Christi for Continued Improvement in Safety Performance at the Council’s annual banquet. The banquet is scheduled for 7:15 PM, June 9, 2016 at the Congressman Solomon P. Ortiz International Center, 402 Harbor Drive, Corpus Christi, TX.

The South Texas Industrial Safety Excellence Awards Program, Contractor Safety Awards, recognizes commendable safety performance of individual contractor firms. The awards are intended to convey strong support of contractor safety performance in full recognition of the fact that contractors have the primary responsibility for execution of onsite safety, working in conjunction with the owner, architects, and engineers, to ensure an overall safe workplace.

The Port is receiving this recognition for our continued improvements in Safety Performance. This will be the third year the Port has received this award.

About Port Corpus Christi

As the primary economic engine of the Coastal Bend, Port Corpus Christi is the 5th largest port in the United States in total tonnage. Our mission; to “Leverage Commerce to Drive Prosperity.” Our vision; “To be the energy port of the America’s.” Strategically located on the western Gulf of Mexico, with a straight, 45’ deep channel, Port Corpus Christi provides quick access to the Gulf and the entire United States inland waterway system. The Port delivers outstanding access to overland transportation with on-site direct connections to three Class-1 railroads and uncongested interstate and state highways. Port Corpus Christi is protected by a state-of-the-art security department and an award-winning Environmental Management System. With outstanding management and operations staff, Port Corpus Christi is clearly “Moving America’s Energy.”
