About the United Corpus Christi Chamber of Commerce

The United Corpus Christi Chamber of Commerce is an 1100 member organization representing business in the Coastal Bend region of South Texas. A 31 member Board of Directors forms the policy level of the organization. The President/CEO and a dedicated team of 8 full time and 2 part term interns manage the operations and daily work of the Chamber. Additionally we have a 501c3 supporting organization, The United Corpus Christi Chamber Foundation which operates programs devoted to leadership, education and workforce development. Our members and volunteers represent a cross section of all types and sizes of business in our community.

The City of Corpus Christi, Texas, was fortunate to have been served by two significant business organizations for over 100 years. In December 2015, the memberships of the 100-year-old Corpus Christi Chamber of the Commerce and the 78-year-old Corpus Christi Hispanic Chamber of Commerce reached a conclusion of historic significance. In an overwhelming vote by both memberships, the two groups created one, new and united organization to represent the entire Corpus Christi business community. This joining of rich histories, significant accomplishments and a commitment to board diversity with women and minority participation reflective of the community's demographics, provides a cohesive voice for business. As the chief advocate for the entire business community, we serve as a multidimensional model where the diversity and inclusion function is part of all facets our unified chamber.
