

WELDER/FABRICATOR TECHNICIAN Sr. Maintenance Worker

Strategically located on the western Gulf of Mexico, Port Corpus Christi (PCC) is the fifth largest port in the United States in total tonnage. With a straight, 45' deep channel, the PCC provides quick access to the Gulf, the United States inland waterway system and the world beyond. Port Corpus Christi is an economic catalyst in the South Texas region which has generated thousands of jobs. At this time, we are seeking another energetic member to join our Maintenance Team.

Are you the one for us?

We are looking for a self-motivated individual to provide welding, fabrication, repair and maintenance of dock structures, gates, walkways, handrails, etc. Duties include:

- Performs cuts and/or joins metal parts to fabricate or repair gates, handrails, equipment stands, pipe racks, ship panels, etc., using tools such as a plasma cutter, welder, torch, chop saw grinder and other power tools.
- Experienced in pipe and plate layouts
- Proficiency in arc, mig, tig welding and soft solder techniques to join metals such as; malleable steel, carbon steel, stainless steel and copper joints and fittings.
- Experienced in gauge settings of oxyacetylene and argon equipment, arc welder, mig welder.
- Procures parts, materials and equipment necessary to complete jobs.
- Maintains inventory of PCCA owned tools and equipment.
- Identifies and reports needed repairs to PCCA buildings and equipment.
- Assists other crews with basic plumbing, electrical, carpentry or mechanical work to achieve maximum departmental efficiency.
- Directs and trains assigned crew in daily general preventative maintenance of facilities and building.
- Assures work area, tools and equipment are cleaned upon completion of assignments.
- Confers with maintenance supervisors in the performance of crew members. Makes recommendations and keeps maintenance supervisors informed of work issues.
- Interprets company policies to crew and ensures adherence to company policies and procedures. Works towards a safe and positive work environment.
- Promotes safety awareness and environmental consciousness, and complies with all applicable safety environmental procedures and regulations.
- Functions in pre or post-disaster preparedness as a Tier 1 employee.

What else can you expect?

- Driving a vehicle to complete assigned tasks, use of personal computer, standard office equipment and working the hours needed to fulfill the position objectives.
 - Exposure to adverse weather conditions, fumes and/or airborne particles, high precarious places, working off boats or barges, risk of electrical shock and moving mechanical parts; moderate noise levels are present. Must wear standard Personal Protective Equipment including eye and hearing protection when performing job.
-

- General maintenance environment, regularly required to stand and walk on level and/or inclined surfaces for certain periods throughout the day, climb stairs, ramps, ladders, and work stands; crouch, crawl, reach, grasp or handle objects; use finger dexterity, bend elbow/knee and reach above/below shoulders. May be required to lift and/or move up to 50 pounds.

Do you have the following?

- High School diploma or equivalent
- Demonstrated proficiency of the English Language
- Basic math, reading and writing skills
- Ability to effectively communicate problems and solutions to seniors and Port customers and other employees.
- Welding Certification or capable of attaining within one year of employment.
- Class “C” valid driver’s license, CDL a plus
- A valid driver’s license.

Successful candidates will undergo a complete extensive personnel and criminal background investigation, must pass a physical exam, which includes drug screen, and must be **ELIGIBLE TO OBTAIN** a Transportation Worker Identification Card (TWIC) in accordance with 33CFR101.514.

Our employees enjoy a fabulous benefits package including:
