Port Statement on Former Sherwin Alumina Property Auction

Corpus Christi, TX, USA – All assets of the former Sherwin Alumina plant located in San Patricio County, Texas along the La Quinta Ship Channel at Port Corpus Christi were auctioned today in New York.

The Port Corpus Christi Authority placed an offer for some of the Sherwin assets in an effort to support port operations at the facility, and the Port will continue to participate in the auction process as outlined in the bankruptcy filings and approved by the Court.

About Port Corpus Christi

As the primary economic engine of the Coastal Bend, Port Corpus Christi is the 5th largest port in the United States in total tonnage. Our mission; to “Leverage Commerce to Drive Prosperity.” Our vision; “To be the energy port of the America’s.” Strategically located on the western Gulf of Mexico, with a straight, 45’ deep channel, Port Corpus Christi provides quick access to the Gulf and the entire United States inland waterway system. The Port delivers outstanding access to overland transportation with on-site direct connections to three Class-1 railroads and uncongested interstate and state highways. Port Corpus Christi is protected by a state-of-the-art security department and an award-winning Environmental Management System. With outstanding management and operations staff, Port Corpus Christi is clearly “Moving America’s Energy.”
