Port of Corpus Christi Launches Monthly Public Tours, Reinforcing Community Engagement and Transparency

Corpus Christi, TX, USA – The Port of Corpus Christi has launched a new community engagement initiative: monthly tours of the Port's Executive Administration Building (EAB), located at 400 Charles Zahn Jr., Drive. This exciting program welcomes the public to explore Port operations and infrastructure firsthand, gaining valuable insight into the Port's global trade contributions, regional economic impact and environmental stewardship efforts.

"This initiative reflects our ongoing commitment to transparency, education and building strong relationships with the communities we serve," said **Rosaura De Los Santos Bailey, Director of Community Relations for the Port of Corpus Christi**. "We're proud to open our doors and provide a closer look at the operations that make the Port a key driver of economic growth and a leader in sustainable development."

The complimentary guided tours will be offered on the third Wednesday of each month at 10:00 a.m. and 2:00 p.m.; each session will last approximately 1 to 1.5 hours. Tours will include an overview presentation followed by a walkthrough of the administration facilities.

"We consider it not only a special privilege, but a responsibility, to share who we are and what we do at the Port of Corpus Christi," said **Omar Garcia, Chief External Affairs Officer for the Port of Corpus Christi**. "We want our neighbors and communities to feel proud of their Port and to trust that we are wholly committed to serving our public locally, regionally and globally."

Advance registration is required and available on a first-come, first-served basis. Tours will be open to all ages, ADA accessible and stroller friendly. Capacity will be limited to 15 attendees to ensure an engaging, informative experience. Complimentary parking will be located directly across from the Port of Corpus Christi EAB. Photography is welcome, though drone use is prohibited.

Interested participants may register by completing the Public Tours Request Form at portofcc.com/public-tours. Confirmed guests will receive instructions and a confirmation phone call on the Tuesday prior to the scheduled tour. For more information, contact PCCA Community Relations at community@pocca.com.

About Port Corpus Christi

As a leader in U.S. energy export gateways and a major economic engine of Texas and the nation, the Port of Corpus Christi is the third largest port in the United States in total waterborne tonnage. Strategically located on the western Gulf Coast with a 39-mile, 54-foot (MLLW) deep channel, the Port of Corpus Christi is a major gateway to international and domestic maritime commerce. The Port of Corpus Christi has excellent railroad and highway network connectivity via three North American Class-1 railroads and two major interstate highways. www.portofcc.com
