Port of Corpus Christi Achieves ISO 14001 Certification for 12th Consecutive Year

Corpus Christi, TX, USA – The Port of Corpus Christi will receive ISO 14001 recertification, following an exemplary external audit of environmental performance. The third-party auditor identified zero non-conformances and lauded the Port of Corpus Christi as a model of across-the-board employee engagement with environmental management.

From committing to collectively minimize the use of disposables to encouraging accountability partners, the Port of Corpus Christi implemented several initiatives that successfully increased environmental awareness.

“Our team at the Port of Corpus Christi is dedicated to fostering a culture wherein we remain environmentally thoughtful and cognizant of our carbon footprint not only as an organization, but also as individuals,” said **Sean Strawbridge, Chief Executive Officer for the Port of Corpus Christi**. “Our 12th year in a row of ISO certification is an undeniable testament to our commitment to environmental responsibility and stewardship.”

ISO 14001 is the internationally recognized standard for an effective environmental management system (EMS). It is measured by the cultural framework adhered to within an organization.

“Environmental sustainability is front-of-mind in every project we undertake, and we are deeply proud to be recognized for the 12th consecutive year with this distinction,” said **Charles W. Zahn, Jr., Port of Corpus Christi Authority Commission Chairman**.

About Port Corpus Christi

As a leader in U.S. Crude Oil export ports and a major economic engine of Texas and the nation, Port Corpus Christi is the 3rd largest port in the United States in total revenue tonnage. Strategically located on the western Gulf of Mexico with a 36-mile, soon to be 54 foot (MLLW) deep channel, Port Corpus Christi is a major gateway to international and domestic maritime commerce. The Port has excellent railroad and highway network connectivity via three North American Class-1 railroads and two major interstate highways. With an outstanding staff overseen by its seven-member commission, Port Corpus Christi is “Moving America’s Energy.” <http://www.portofcc.com/>
